DAV Public Schhol, Durgapur   **2020-2022**

CBSE (Class 12), Percentage: 87%

St. Xavier's School,Durgapur   **2019-2020**

ICSE (Class 10), Percentage: 90%

Skills

C++ | C | Python | HTML | CSS | Javascript

Projects

Online Code Editor

We have developed a sophisticated code editor designed to enhance the programming experience for developers of all skill levels. This project integrates intuitive design, robust functionality, and performance optimization to create an efficient and user-friendly coding environment. Here in the main code editor page we have separate auto refresable pages for languages like C, Python, C++ and Java. A button is available to shift into the separate frontend dedicated page for frontend developers only. This page actually is what we have done in our previos project i.e the CodePen project.

Academic and extracurricular achievements

- Attained Elite status in NPTEL's Programming through problem solving in C course

- Attained Elite status in NPTEL's The joy of computing using Python course

- Attained Elite status in NPTEL's Python for Data Science course
